OMB has approved the 83-C change worksheet for 1810-0666. This e-mail will serve as the NOA.

Thanks!
Carrie

Carrie, OESE would like to amend the currently approved Reading First Annual Performance Report by adding an assurance page. Can you take a look at this (the assurance page is the last attachment). I had asked the program to submit an OMB83 C with the assurance page. There is no change to the burden hours. The program however needs to announce their deadline in the Federal Register soon so we appreciate your review as soon as possible on this one page assurance form. As a reminder I will be out after Thursday for a while so if you have any questions, please let me or Sandi Jacobs know.

Thanks Carrie. FYI - my office will fax over the signed OMB83 C.

Kathy
